A New Light on Tiffany Martin P. Eidelberg, Nina Gray, Margaret K. Hofer, 2007 Louis Comfort Tiffany (1848-1933) is celebrated today as one of the most influential creative designers of the late 19th- and early 20th-centuries. *A New Light on Tiffany: Clara Driscoll and the Tiffany Girls* presents the celebrated works of Tiffany Studios in an entirely new context, focusing on the Tiffany Girls, the 27 women who labored behind the scenes to create the masterpieces now inextricably linked to the Tiffany name. Recently discovered correspondence written by Ohio-born Clara Driscoll, head of the so-called Women's Glass Cutting Department at Tiffany Studios, reveals in convincing and vivid detail how it was in fact Driscoll who generated designs for such masterpieces as the famous Wisteria, Dragonfly and Peony goods. At the heart of the book are over 50 Tiffany lamps, windows, ceramics, enamels and mosaics, supplemented by a wide array of related documents and archival photographs.

Ancient Lamps in the J. Paul Getty Museum J. Paul Getty Museum, Jean Bussière, Birgitta Wohl, 2017-09-30 In the collection of the J. Paul Getty Museum are more than six hundred ancient lamps that span the sixth century BCE to the seventh century CE, most from the Roman Imperial period and largely created in Asia Minor or North Africa. These lamps have much to reveal about life, religion, pottery, and trade in the ancient Graeco-Roman world. Most of the Museum's lamps have never before been published, and this extensive typological catalogue will thus be an invaluable scholarly resource for art historians, archaeologists, and those interested in the ancient world. Reflecting the Getty's commitment to open content, Ancient Lamps in the J. Paul Getty Museum is available online at <http://www.getty.edu/publications/ancientlamps> and may be downloaded free of charge in multiple formats, including PDF, MOBI/Kindle, and EPUB, and features zoomable images and multiple views of every lamp, an interactive map drawn from the Ancient World Mapping Center, and bibliographic references. For readers who wish to have a bound reference copy, a paperback edition has been made available for sale.

The Lamps of Louis Comfort Tiffany Louis Comfort Tiffany, Martin Eidelberg, 2005-10-19 This is the first book devoted to Tiffany lamps in more than 20 years. Experts in the field have made a selection of exceptional lamps-many of which have rarely been seen or published-and each one has been newly photographed with the latest photographic techniques to reveal in extraordinary detail the artistic quality and high craftsmanship of these masterpieces of decorative art. Martin Eidelberg and Alice Cooney Frelinghuysen have contributed essays on the history of the lamps, enlarging our understanding of Louis Comfort Tiffany's achievement. They have also drawn upon a host of previously unpublished photographs, paintings, and watercolors by Tiffany and other artists in his employ, as well as on working drawings and studio photographs, to evoke the lost gardens and interiors of Tiffany's country estate, Laurelton Hall, that so inspired him. They outline the development and manufacture of the Tiffany lamp from freehand sketch to the finished form, as well as the chief decorative themes in Tiffany's glass masterpieces and their relation to the work of other fin de siècle glassmakers. In this book, light, color, and the inspiration of nature co-mingle to produce a deliciously sensuous experience.

Tiffany by Design Nina Gray, 2006 Tiffany Studios produced thousands of lamps in hundreds of designs, although many of the designs were closely related. Examine how the forms, patterns, and motifs were changed and adapted in authentic Tiffany lamps made between 1900 and 1918. By closely looking at many varied designs of Tiffany shades, a deeper understanding of their quality and beauty is made possible.

Tiffany Desk Sets William R. Holland, 2008 In the dynamic first quarter of the 20th century, Louis Comfort Tiffany and his Tiffany Studios in New York City produced 24 distinctly different bronze desk-set patterns with nearly 1,000 different items sold separately, so that successful business leaders could decide which and how many they could arrange on their desks. The typical set might include inkwell, pen tray, paper rack, rocker blotter, and decorative ends for the desk blotter. Some patterns have a dozen or fewer items, but a few patterns have about 80 items available. Over 600 color photographs show most of the desk set items, with carefully researched text, including their Tiffany item numbers, markings, sizes, related pieces, and rarity, and an indispensable Master List of all the original Tiffany Studios items, including lamps, planters,

match holders, etc., in numerical order. It will help to identify pieces never seen before and mismatched and put-together items. This is the most comprehensive collecting guide to the subject..
