Queen of the Moon Oracle Stacey DeMarco, 2022-09-19 For countless millennia, humans have connected to the mystical power of the moon and the energy of the seasons. For our ancient ancestors, the earliest veneration and sacred honoring was of the moon, the seasons, and the cycles of light and dark, hot and cold and fertility and rest, and this beautifully illustrated Queen of the Moon Oracle allows you, the modern seeker, to plug in to these most primal energies. Consult this oracle based in ancient wisdom and receive the answers to your modern problems. Explore the ancient power of the Moon and how to work with this Lunar energy to enrich your own life and spiritual practice. We are moon-influenced animals even if most of us don't go howling under it. We know the feminine fertility cycle matches the length of the lunar cycle - twenty-seven or twenty-eight days - and that more births occur on full and dark moons. Just as the moon influences tides and other bodies of water, why wouldn't she influence our personal bodies of water considering we are made mostly of it? Why wouldn't this effect then influence everything from our weight to our moods, even the growth of the foods we eat since plants are reliant upon moisture levels in the soil? Within long-held knowledge, it's believed that the moon impacts our psychic abilities and our unconscious mind (and so therefore our dream states) in a number of ways. The unconscious is the part of the mind that directs us towards our goals and dreams; it's where ideas pop from and where creativity is based. As it is particularly susceptible to symbology, it can be affected by the power of the constant cycle of the moon.
